Extended Writing Prompt
Everson

You're planning your 10-year high school reunion and need to choose a theme song that will remind the attendees of their high school years. What song do you choose and why?

This is an extended writing prompt, so I expect evidence of planning, multiple paragraphs, and 2-3 well-supported reasons for your selection. You have 30 minutes to complete this piece — I expect you to use the entire time. You may use the space below, on the other side, and/or your own paper.
